Adult Services*

We provide adults with individualized treatment for addiction and co-occurring mental health disorders to prepare clients and their families for life in recovery. Each client is cared for by a team of specialists who have committed their careers to addressing behavioral health disorders. Our programs are grounded in evidence-based practices and focus on helping adults develop essential tools and rebuild positive, healthy relationships.

Services include:

- Substance use assessments
- Medically monitored detoxification
- Residential treatment
- Partial hospitalization
- Young men's program
- Opiate-specific treatment
- OASIS program for older adults
- Uniformed services program
- Priority access to veterans
- Outpatient programs
- Gender-specific programs
- 12-Step work and meetings
- Experiential therapies such as art, music, labyrinth, and horticulture
- Life skills classes and trauma-focused groups
- Medication-assisted recovery
- Family programs
- Recovery management and alumni programs

Recovery Home Living

Rosecrance recovery home living can be an important next step for adults who have completed a primary treatment program. Residents focus on the development of essential skills necessary to maintain lasting recovery while receiving ongoing support in a drug-free, home-like environment with 24-hour supervision. Program includes individual, group, and family counseling; 12-Step meetings, employment skills development, life skills building, relapse prevention, and discharge planning.

* Some services vary by location.
